01

# Decorate a diya

Colour the big spaces. Try tracing the bowl with your finger.

*A little more to explore...*

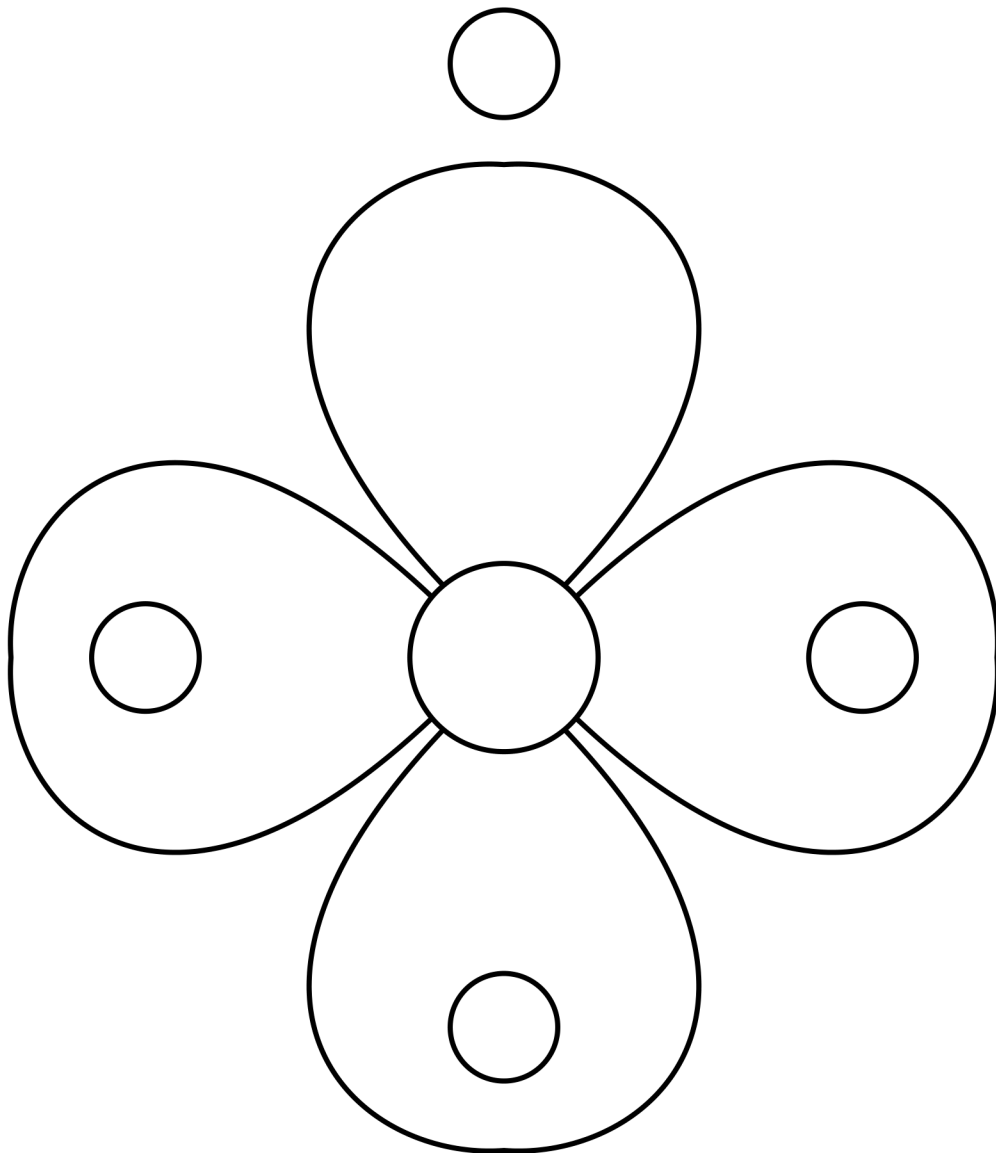

Try an alternating colour pattern on the three bands.

02

## Make a rangoli

Choose colours for the four big petals.

*A little more to explore...*

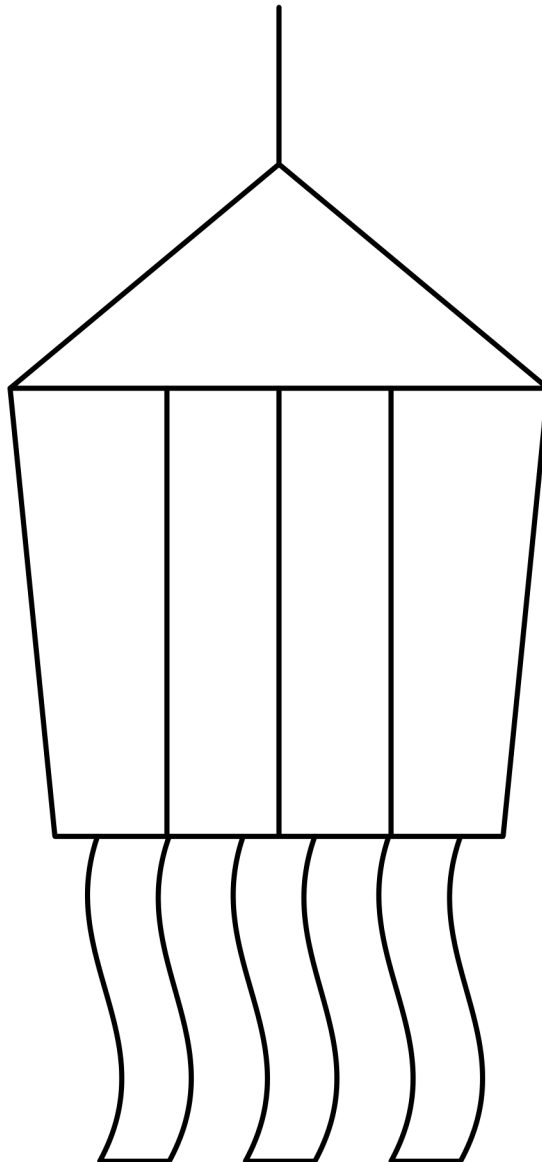

Count the petals. Which shape is in the middle?

03

## Colour a kandil

Colour the panels and the three streamers.

*A little more to explore...*

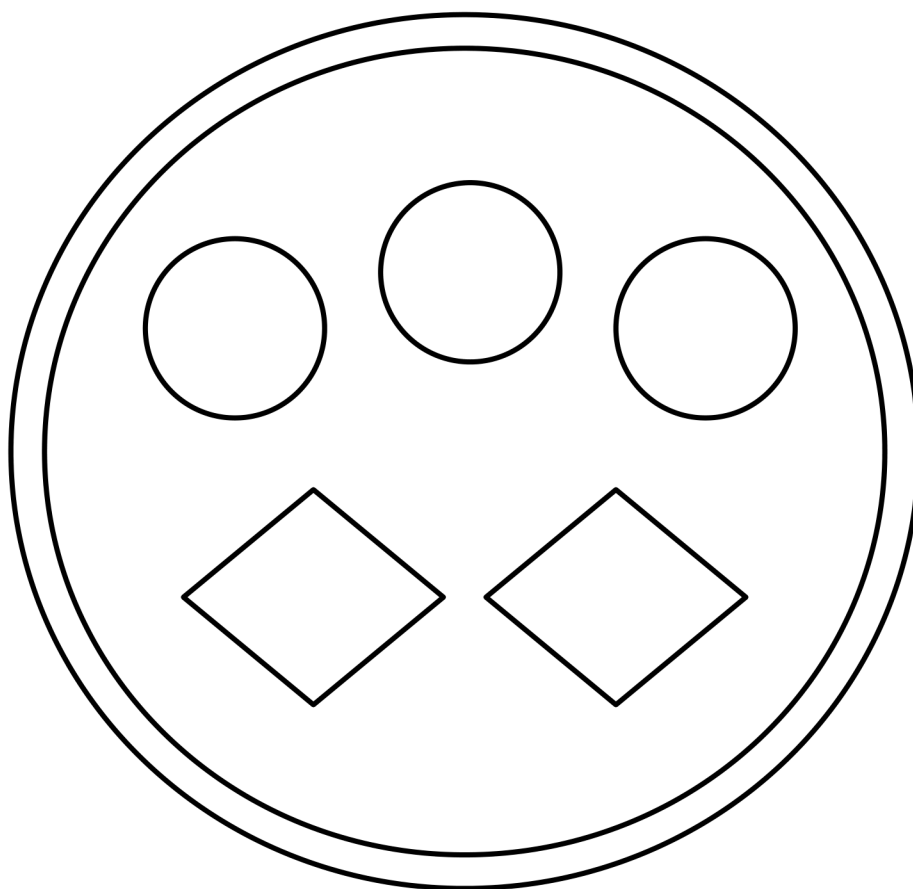

How many panels and streamers can you count?

04

# A plate of mithai

Colour the round and diamond-shaped sweets.

*A little more to explore...*

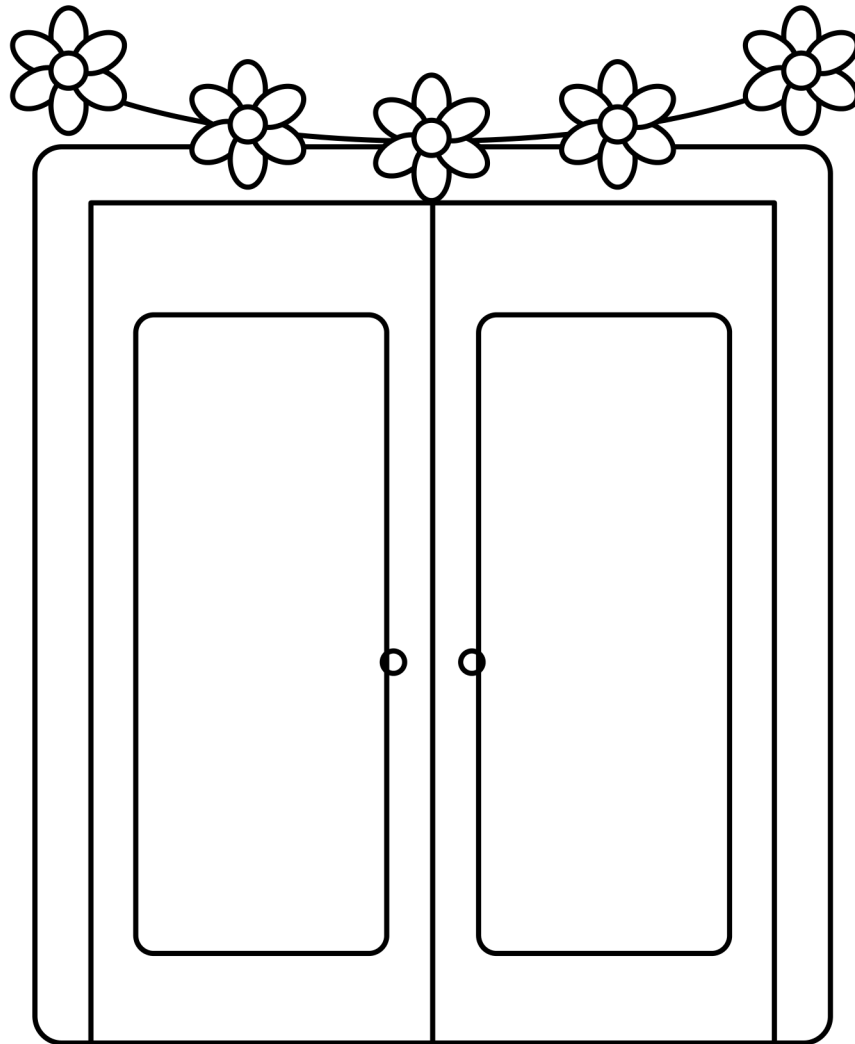

Count three round sweets and two diamonds. How many altogether?

05

# Welcome home

Colour the door and its five flowers.

*A little more to explore...*

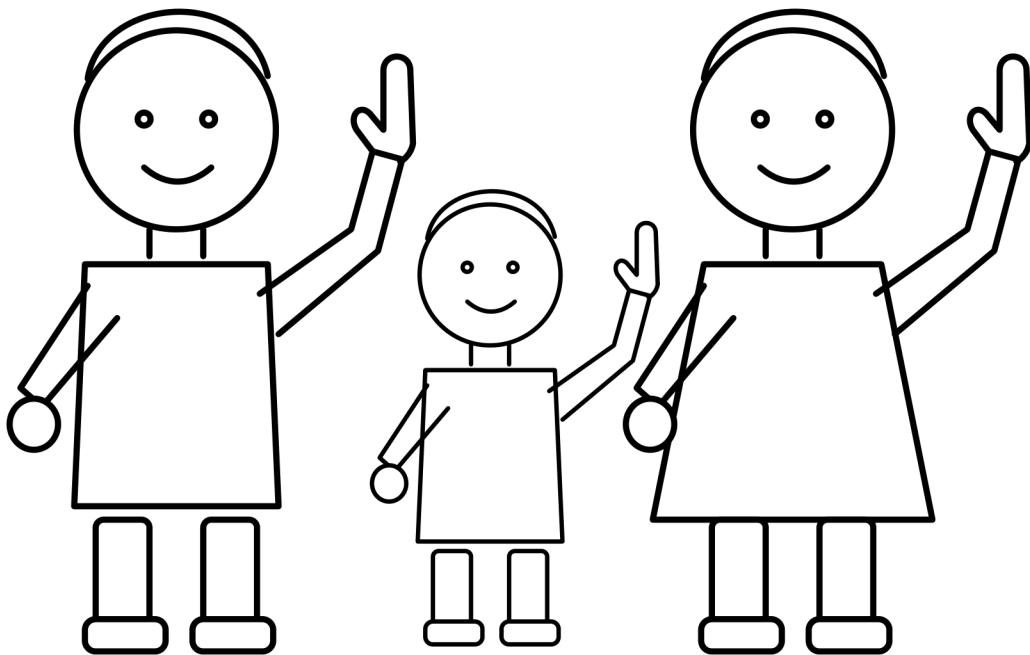

Count five flowers. Trace the doorway with your finger.

06

# A festive hello

Colour this family as they wave hello.

*A little more to explore...*

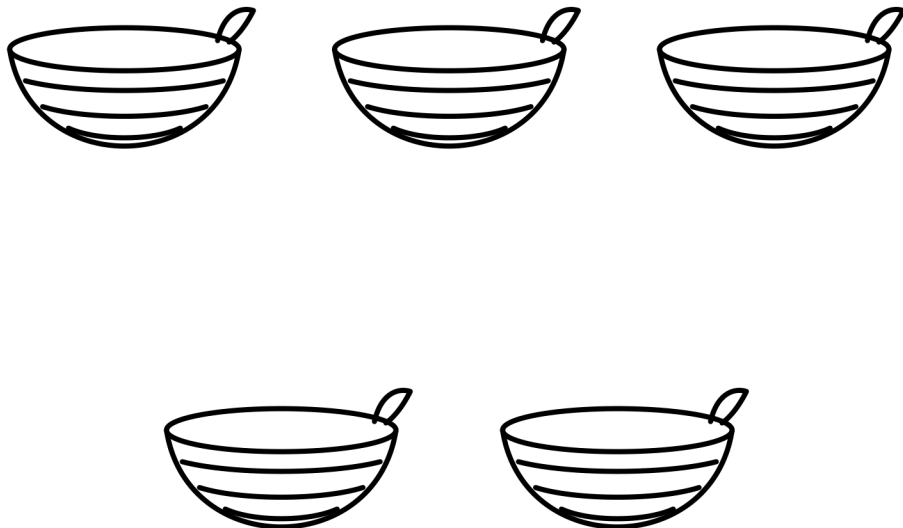

How many people are waving? Describe their greeting.

07

# Count five diyas

Touch each diya as you count. Write the total below.

I counted:

*A little more to explore...*

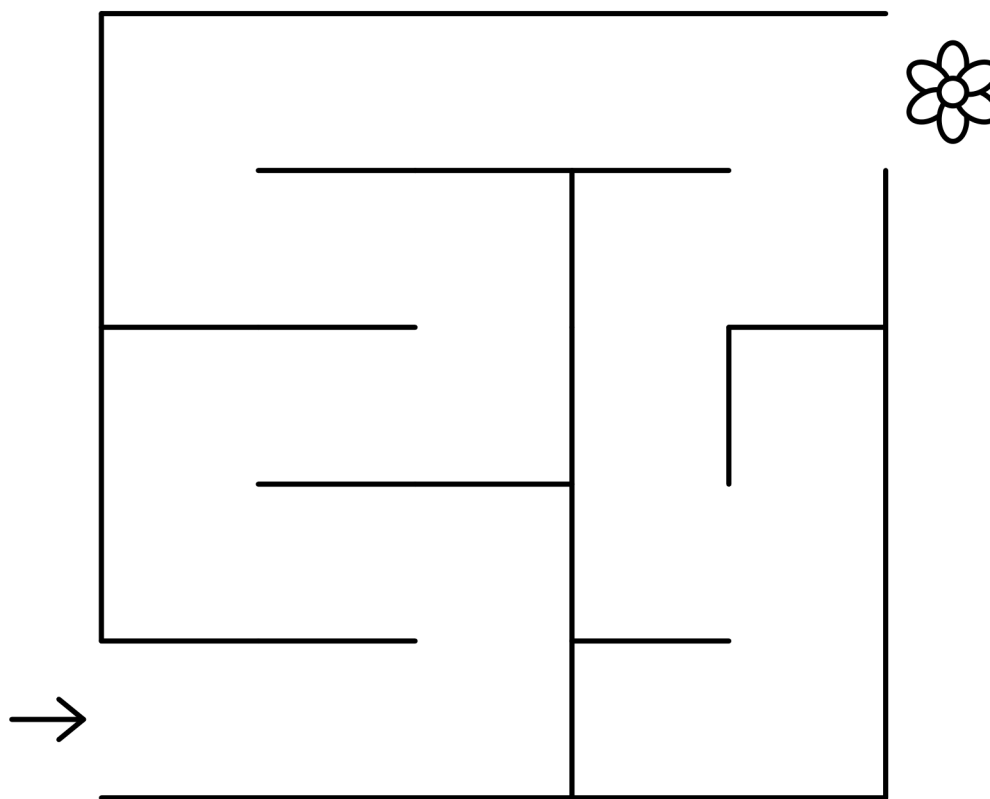

Show five as three plus two.

08

## Find the flower

Start at the arrow. Draw a path through the maze.

*A little more to explore...*

Can you solve it without lifting your pencil?
